SUMMARY

Software Development Engineer (SDE) with hands-on experience in full-stack web development using Java, JavaScript, React.js, Node.js, Express.js, MongoDB, PostgreSQL, MySQL, and Prisma ORM. Experienced in developing scalable applications, RESTful APIs, and secure authentication systems. Strong foundation in Data Structures & Algorithms, OOP, DBMS, Operating Systems, and Computer Networks, with practical experience through multiple software development internships.

EXPERIENCE

Software Development Engineer Intern

Bosch Limited

June 2025 – July 2025, Bengaluru, Karnataka

- Built a Power BI dashboard with automated pipelines from Microsoft Forms and Excel, reducing manual data entry by 60%.
- Created ETL workflows to clean and standardize data, improving accuracy by 35%.
- Added DAX-based dynamic reports, cutting report generation time by 50%.

Software Development Engineer Intern

Grey Swift Private Limited

May 2025 – June 2025, Gurugram, Haryana

- Developed a full-stack project management dashboard using React.js, Node.js, and MongoDB, enabling real-time project tracking, task management, and team collaboration.
- Implemented REST APIs and optimized React state management using React Hooks to deliver a responsive and scalable user experience.
- Designed a modular React component architecture to improve code reusability, scalability, and long-term maintainability.

Software Development Engineer Intern

Cyber Phoenix

August 2024 – February 2025, Gujarat, India

- Engineered a full-stack business insights web application using modern JavaScript technologies and RESTful APIs to support data-driven decision-making.
- Implemented secure authentication and interactive data visualization modules to improve application security and business analytics.
- Integrated RESTful APIs to enable seamless frontend-backend communication and improve application scalability and performance.

PROJECT

Online Job Portal

careerconnect---prod-lzrphdjpoajqcylwhpsg7.ashish-careerconnect.workers.dev

- Developed a full-stack Online Job Portal using React.js, Node.js, Express.js, and MongoDB, enabling job seekers to search and apply for jobs while allowing recruiters to manage job postings.
- Implemented secure JWT-based authentication, role-based access control, and RESTful APIs to ensure secure user management and seamless communication between the frontend and backend.
- Built responsive React.js interfaces with Tailwind CSS and integrated MongoDB to efficiently manage users, job postings, and applications.

Digital Banking Application

github.com/Ashish-123aa/Banking-Application

- Engineered a full-stack digital banking application using React.js, Node.js, Express.js, PostgreSQL, and Prisma ORM with secure authentication and role-based access control.
- Developed core banking modules including account management, fund transfers, transaction history, loan management, and card services using RESTful APIs and Prisma ORM.
- Strengthened application security by implementing JWT authentication, CORS, and input validation to build a secure and scalable architecture.

EDUCATION

Computer Science Engineering

Vellore Institute of Technology • Vellore, Tamil Nadu • 2026 • 8.41

XII(CBSE)

Dronacharya Heritage School • Jhajjar, Haryana • 2021 • 87.2%

X(CBSE)

RC MEM SR SEC School • Jhajjar, Haryana • 2019 • 92%

CERTIFICATIONS

Introduction to Cybersecurity

Cisco Networking Academy · 2026

MERN Full Stack Certification Program

Ethnus · 2025

Master DSA using JAVA

Coding Blocks · 2025

SKILLS

Languages: Java, C/C++, JavaScript, TypeScript, SQL

Frontend & Backend: React.js, HTML5, CSS3, Tailwind CSS, Node.js, Express.js, RESTful APIs, JWT Authentication

Databases & Tools: MongoDB, PostgreSQL, Prisma ORM, MySQL, Git, GitHub, Postman, Visual Studio Code, Power BI

Core Concepts: Data Structures & Algorithms (DSA), OOPS, DBMS, Operating Systems, Computer Networks, API Integration, Agile Methodology

Cybersecurity: Cybersecurity Fundamentals, Network Security, Information Privacy, Threat Detection, Secure Authentication

Soft Skills: Problem Solving, Analytical Thinking, Team Collaboration, Communication, Adaptability, Time Management
